

Wishing Well provides nutritious, balanced meals served family style. A light breakfast and afternoon snack are included in the tuition fees. Hot lunch is served at our main building to all children. We are committed to offering our students a variety of foods that are wholesome and healthy, including whole grains, fruits and vegetables. We encourage healthy eating habits by learning portion sizes and balanced meals. Social skills, manners, and language are developed through conversation at the table. Please note, children in our school-age program are required to pack a sack lunch.

Wishing Well Preschool and Child Care participates in the Child and Adult Care Food Program administered by the Wisconsin's Department of Public Instruction. CACFP reimburses centers at free, reduced-price, or paid rates for eligible meals and snacks served to enrolled children, targeting benefits to those children most in need. We provide formula, cereal, and infant foods to children under 12 months of age. Milk is served with all meals. For children with milk intolerance, parents may provide a milk substitute. Children with food allergies are carefully monitored.
